

Teaching Assistant Office Hours

Students may know the chemistry concept but still have difficulty solving a problem.

Ask any math related question. How to solve? Units, dimensional analysis, significant figures, etc.

Technology problem, see: [Textbook & Sapling Learning Questions?](#)

Also ask for assistance during office hours (and screen share so TA can see and assist).

All discussion section zoom links are on CCLE.

All Zoom sessions require a UCLA Zoom account.

Please login to your UCLA Zoom account at <https://ucla.zoom.us> before joining UCLA Zoom sessions.

MANY OFFICE HOURS EVERY WEEK, GO TO AS MANY AS POSSIBLE!

You may go to any teaching assistant during their office hours.

However, you can only attend the **one discussion section in which you are enrolled.**
